

101 Magi-led ECO White-Lite Hawker: 300 or 600mm

UK DESIGNED

The White-Lite Hawker is available in 300mm or 600mm lengths. This is a robust, portable, light-weight ECO energy saving LED light with a polycarbonate lens. It is dual powered AC/DC light with a burn-life of up to 10 hours and uses an inbuilt re-chargeable Li-Ion battery. It consumes 7 Watt of electrical power. The Hawker has 101 applications. It is suitable for all emergency services, caravans, campers, night fishing, photography work, boats, yachts, mining exploration and cavern explorations. It is supplied with a AC charger, DC motor car charger, a shoulder strap, and heavy duty charging cable, encompassed in a polymer resin reinforced case.

Optional Magnet fixing

Specifications for 300mm Hawker:

- Built-in battery: 12 Volt/3.5 Ah Polymer Li-ion battery
- AC Charger: 12 Volt @ 1Amp
- Power Consumption 7 Watts
- Light Source: 5mm high bright LED's
- LED quantity: 144
- Working time: Greater than 8 hours full, can be dimmed to increase this to 10 hours
- Charge time: 3.5 hours
- Size: 330mm x 95mm x 60mm

Function: (Applies to both)

- Brightness control: Zero to maximum
- Indicator for battery: Green, red, red-flash
- Protection for battery: When the battery voltage is low, the battery will close the output to avoid damage.

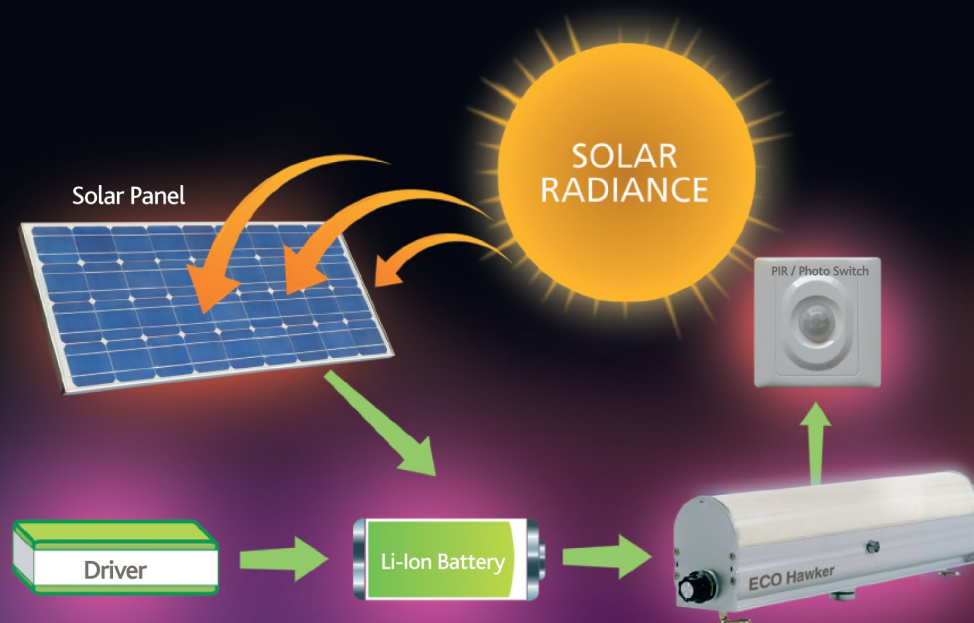

Specifications for 600mm Hawker:

- Built-in battery: 12 Volt/7 Ah Polymer Li-ion battery
- AC Charger: 12 Volt @ 2Amp
- Power Consumption 14 Watts
- Light Source: 5mm high bright LED's
- LED quantity: 288
- Working time: Greater than 5 hours full, can be dimmed to increase this to 10 hours
- Charge time: 3.5 hours
- Size: 600mm x 95mm x 60mm

PLEASE MAKE SURE THAT EACH HAWKER IS FULLY CHARGED PRIOR TO ANY FIELD ACTIVITY. The initial charging period should be a minimum of 4 hours. If the Hawker indicates red light flashing it must be charged.

Introducing the NEW intelligent Solar Sustainability Hawker

A unique innovative product that employs a renewable source of energy to sustain our future demand on energy use and the environment. Our Eco Hawker is light-weight, portable, powerful and robust, with unique features; magnetic catches for mobile workers, campers, mobile caravans, narrow boats, yachts, cavern explorers, and all types of emergency services. Please do not confuse this with a torch - the Hawker will provide a uniform distribution of light. We are extremely proud to have supplied this light to the MOD at Sandhurst academy.

Features:

- Can be operated 24 / 7 using AC type power supply
- For commercial Hawker, optional extra motion activity (PIR) and a photo sensitive light cell is available
- For emergency situations, AC failure. The Hawker can be designed to continue working for up to 10 hours on its inbuilt internal DC supply
- Dimmer switch is always available.

ECO Hawker Options:

1. ECO Hawker + AC Charger ONLY
2. ECO Hawker + Spare Battery + AC Charger + Case
3. ECO Hawker + Portable Car Charger + AC Charger + Case
4. ECO Hawker + Portable Car Charger + AC Charger + Case + Solar Panel + Intelligent commercial features.

Creative LED lighting and IR heating solutions.
